

Lesson Plans

Please have your lesson plans done by Wednesday night for the following week

Please remember that once the week begins your lesson plans should not change except to remove items. Also, email your class if you are going to make any changes. Remember, FACTS lesson plans are final and we want our parents to be confident in what they will be working on throughout the week.

If you did not have time to get to something during class time you have these options:

Drop the activity or add it to a future school day the next week
Make it optional for the parents for home day
