

# STUDENT ABSENCES

## Work turned in after excused absence

Remember that students have **two class days** to turn in work without late penalties after an absence due to illness.

## Unexcused absence policy

**Upper School students** may **not** make up any "in-class" assignments, tests and/or quizzes for a grade missed due to unexcused absences. Work that is completed in class will receive a zero. That also means the student **cannot** do the classwork or take the test from that day ahead of time.

**Lower School students** may make up work that was completed in class for a grade **with late penalty**.

What's the full policy regarding unexcused absences and makeup work? Click [HERE](#). This is in the handbook and also on The Nest (for parents) under "Forms and Resources."
